## Questions to ask the seller

1. Did you start the car or have it running prior to my arrival-No? Pop the hood and check if the engine is warm-Yes? For how long has it been running
2. What has been replaced on the car? Who did the restoration?
3. Has a certified the appraiser looked @ the vehicle?
4. Are there any liens against the vehicle?
5. Was the car used as a daily driver? Is the odometer reading correct?
6. Are you the original owner? How long have you owned the car? Do you have an owner history of this car? Some people don't however, if they do have that info it would be great to have.
7. Has the car been in any accidents since you've owned the car or that you are personally aware of?
8. Was the car stored in the winter?
9. How long has the car been for sale?
10. Why are you selling the car?
11. Does the car have a clean/clear title? Is this a salvage title? (walk away on this one)
12. Can I have your permission to bring this car to my mechanic to check over?
